Sarah,

I don't recognize them from the elections or our previous meetings. I know Hardik personally. I was telling him to sign up for the club. Do we manage these mailing lists through mcommunity?

Thanks,
Jacob Pavelka

Hi Jacob -

The lists are managed through MCommunity. It WAS me, I'm pretty sure, as those were the last two people who had signed up. The way the process works right now for sc2members@umich.edu is:

- 1) Student fills out this [Google Form](#); I get a notification when they submit
- 2) Information goes to this [Google Sheet](#)
- 3) I update [MCommunity](#) to add the person to sc2members@umich.edu.

I think the main reason there's the intermediary step is to have students give their answers to the questions. Depending on how useful you find it, you could always eliminate it. The only reason I'm the one doing #3 is because we haven't had SC2 leadership. That should probably transfer to someone in the club soon.

That sounds good. We are in the process of getting things organized, and we can delegate that task to an officer in our next meeting on Thursday.

Thanks,
